

## Berkeley Castle Covid 19 - Tenant Update

### # 13 - June 7, 2020

#### **Metro Toronto Police: Regular inspections of Berkeley Castle and Princess Garage.**

Berkeley Castle has been working with the 51 Division and their community policing officers to better protect our building during this time. We have not had any significant problems, however with the street being so much quieter, and fewer people around, the local 51 division has offered to patrol in and around our building on a more regular basis.

They have been chatting with our night staff most evenings to make sure all is OK, and most recently have also been driving through the garage.

#### **Toronto Covid-19 self assessment tool: Check yourself regularly**

Next week, when some of our essential services companies will be welcoming staff back to work, we at Berkeley Castle ask that you are familiar with, and use the self assessment tool to help determine your readiness to return to work. Here is the [Link](#). Even if you aren't coming into the building, we encourage you to familiarize yourself with all the signs by clicking the link, and using the tool.

#### **Take a stand against racial injustice: Educate yourself**

Canada is a wonderful country but we are not immune. We can all be better and do better.
