

Berkeley Castle Covid 19 - Tenant Update #35 - November 15, 2020

Be vigilant - The numbers are up and Toronto is in the “Red” group:

At Berkeley Castle, we continue to do as much as we possibly can to make you feel safe when you enter the complex. This is a reminder that when you come into work, you can do your part:

- Wash your hands often, and EVERTIME you enter (re-enter) the complex.
- Wear your mask as much as possible, it is mandatory in ALL common areas (including inside the washrooms, and elevators).
- Keep your distance (minimum 2 metres) whenever possible – even with your mask on.
- Clean / disinfect your personal work area regularly.
- Stay at home if you or anyone in your household feels sick.

For details, please read the City of Toronto’s [November 13 press release](#).

CERS - The legislation has been announced:

The federal government has released its long-anticipated draft legislation for the Canada Emergency Rent Subsidy (CERS) program. We received an explanation of the details from our accounting firm. Here is a [link](#) . I have also attached a pdf for your convenience. This is good news. If you currently qualify for CEWS, you now also qualify for CERS.

Rebates – does your business qualify for help with fixed costs:

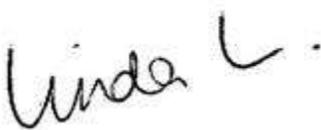

You know your business better than we do, if you qualify for this program, we will happily oblige by providing all required information regarding your rent related fixed costs.

Newsletter – BusinessTO:

A weekly newsletter that focuses on available resources and supports to help mitigate the impact of COVID-19 on Toronto businesses. I have mentioned before that this is a valuable resource, and I encourage all our tenants to sign up for it. This weeks e-news is particularly informative [read this weeks BusinessTO](#)

Remember how careful you were back in March & April?
START NOW AGAIN, Seriously.
