

Berkeley Castle Covid 19 - Tenant Update

58 - April 27, 2021

Most recent recommendations are that 50% of the next 3 million (Ontario) vaccines be [redirected](#) to high-risk areas. I think this is a good move that will have a real impact on our hard-hit areas. If you qualify for a vaccine but are having a hard time getting an appointment for yourself or a family member, there is a volunteer organization called [Vaccine Hunters Canada](#). On the other hand, if you are a sleuth and have been able to help friends and family get their appointments, maybe you can become one of their volunteers.... Follow them on [VHC - Home | Facebook](#) and [Vaccine Hunters Canada \(@VaxHuntersCan\) / Twitter](#) for up to the minute vaccine info such as: Walk-ins today (April 27) all day at Shoppers Drug Mart Meadowvale Town Centre, Mississauga.

ACCESS TO YOUR OFFICE REQUIRED BY MANAGEMENT

We are requesting access to your office space on Thursday April 29 or Friday April 30th.

About a year and a half ago we took an inventory of all lighting at Berkeley Castle. We then applied for a program that would give us a grant and incentive to update to the more energy efficient and cost-effective LED.

We were approved for the program and are now ready to change out the required fixtures. To confirm the inventory of lights and place the order for new fixtures, we would like to doublecheck, by going inside all suites.

There will be an employee of Berkeley Castle, and a representative from the lighting company completing this task. We will leave a notice inside your office to confirm that we have been there.

If you have any questions, please do not hesitate to contact me.

Provincial [Link](#) to booking a vaccine appointment. Stay safe.
