

Berkeley Castle Covid 19 - Tenant Update

19 - July 20, 2020

Stage 3 announced, though not yet for Toronto:

Not an hour after I sent the enews last week, there was an announcement that some areas of Ontario would be opening for stage three. We are not quite ready in Toronto, but it looking at the province's plans (and if Toronto "behaves"), I'm (just personally) speculating that it could be right after the long weekend. Doug Ford today said: "We'll get there very shortly".

Stage 3: A REGIONAL BREAKDOWN

Getting ready / your plan:

Some of you have been in contact with us to let us know that you are coming in to inspect your offices in order to prepare for stage three. Please keep us in the loop. Once you have things sorted out, let us know approximately how many people you expect to have in the office each day.

- **Getting ready / our plan:**

We are working on our written document that we will have ready for you to give to all your staff. Its one thing to have the plan in place of what we expect of our own staff, but to have a simple clear and concise document to help you and your staff navigate throughout the complex, is more complicated. Even though we know the situation is "fluid" – we want to give you something as soon as stage 3 opens, that is easy to follow.

- **What's in the news:**
