

Berkeley Castle Covid 19 - Tenant # 59 - May 2, 2021

“Pessimism isn’t smarter than optimism. In this life the bravest thing you can be is optimistic.”

If you want to peek into my very lazy day Sunday, you can Google who this quote is attributed to. I will admit that I spent part of the weekend binge watching Netflix. When I heard the character say this, I thought it was worth saving.

AGAIN - ACCESS TO SOME OFFICES BY MANGEMENT – for fire bell inspection Request for access to SOME office space on Monday May 3 or Tuesday May 4.

Last week we accessed every office to count your lights for a lighting upgrade grant application. This was successfully completed.

On Friday our fire inspection company advised that they will need access to the inside of every office that has a fire bell or pull station. They plan on testing the bells on Monday and Tuesday. From prior year inspections, you likely remember if you have a bell inside your suite. On Monday morning, we will do our best to contact each tenant who we know has a bell.

IF YOU PLAN TO BE IN THE OFFICE THESE TWO DAYS: Please note that the bells will be sounding off intermittently all day – there is no need to evacuate. If there were a fire, the bells would ring continuously in the entire complex for a long period.

If you have any questions, please do not hesitate to contact me.

Woo Hoo: As of Saturday, more than 42 % of all Ontarians over the age of 18 have had at least one vaccination!

And, for the first time since February, numbers for people in ICU and on ventilators has gone down. Keep up the good work!

Because you will need this if you haven’t yet been vaccinated, I’ll include it every week:

[Link](#) to book a vaccine. Stay safe.
