

Berkeley Castle Covid 19 - Tenant Update

71 - July 25, 2021

With the start of step 3 ten days ago, if you are amongst the 58 % of Ontarians who are “[double vaxed](#)”, you are probably feeling a sense of relief you haven’t felt in well over a year. Of course, we are not out of the woods, but we are all hoping that with high enough vaccination rates and continued mask protocol, Ontario (and Canada) can avoid a dreaded fourth wave.

Enough with Covid. We have a great week ahead of us:

- 1) An upcoming long weekend, where you may have plans to get together with people you haven’t seen in a very long time.
- 2) A new, and our first indigenous Governor General to be sworn in today.
- 3) Woo Hoo – it’s the Olympics! “Fer shur” different than any Olympics we have seen in the past, but lots of great athletes to watch in so many different sports, and amazing results by our Canadians so far! So, set your alarm for the crack of dawn to watch live, or take time to watch the highlights. It’s bound to put you in a good mood, and even prouder to be Canadian.

Building lighting project.

Well under way and set to be done by Friday. [See schedule.](#)
